CERTIFICATION REQUIREMENTS

A contractor must be certified by a representative of Western Fiberglass to install the following products:

Co-Flex Pipe
Cuff Entry Fittings / Split Cuffs
Tank Sumps

To obtain certification there are two options available:

Option 1

Western Fiberglass will train contractor on-site and supervise installation of product.

Please call our sales departments for scheduling.

Option 2

Western Fiberglass will conduct off-site classroom training.

Please call our sales department for scheduling.
