CO-FLEX PIPING

FLEXIBLE DOUBLE WALL PIPING

- ✓ **New Installation**
- ✓ **Short Lengths or Full Rolls**
- ✓ **3rd Party Approved**
- ✓ **10-Year Warranty**

Designed for fluid handling, *Co-Flex Piping* provides solutions for the underground piping of fuels and chemical storage systems. A complete range of third-party approved test boots and stainless steel pipe fittings make the Co-Flex coaxial double wall piping system from Western Fiberglass simple and cost effective to use.

Need to replace some old flex piping? Pull your piping out through your existing chase pipe and replace it by inserting new Co-Flex. Don't break ground!
