

SHIPPING POLICY

Freight will be quoted (by request) as a convenience to our customers. Western Fiberglass is in no way affiliated with any freight companies and cannot be held responsible for discrepancies in the amount quoted vs. the actual charges.

All orders are shipped prepaid unless otherwise requested. A 15% handling fee will be added to the freight amount.

If you have a preferred trucking company for your shipments, please specify when placing your order. You agree to assume full responsibility for all Collect and 3rd Party shipments for your carrier.

Western Fiberglass reserves the right to designate the trucking company when paying the freight. Custom, oversize and rush orders do not qualify for free freight. Free freight orders may have a longer transit time and cannot be guaranteed to arrive by a specific date.
