CO-FLOW SYSTEM

HYDROSTATIC MONITORING F/DOUBLE WALL SUMPS & PIPE

- ✓ Non-Toxic
- ✓ Easy to Install & Maintain
- ✓ Stainless Steel Canister
- ✓ 3rd Party Approved
- ✓ 1-Year Warranty

The *Co-Flow Hydrostatic Monitoring System* is certified as a continuous, liquid-filled interstitial leak detection system. The *Co-Flow System* is capable of monitoring both the primary and secondary and works with most electronic leak detection equipment. This system is designed for use with both double wall flexible piping and with double wall sumps.

Protected by U.S. Patent No. 7,051,580
